

MxPSS

Gain peace of mind for your dockings

A package solution suitable for your MC or ME engine consisting of all hydraulic, gas and fuel component parts you will need for your dockings based on MAN's recommended TBO.

This solution creates peace of mind when going into dry dock. Let MAN identify the recommended spare parts you need for your docking and deliver in time at the location of your choice. Additionally, MAN provides the option to include the unique solutions of a Retrofit product.

MxPSS not only streamlines your engine maintenance but also elevates performance to new heights. Trust our expertise to ensure your engine operates at peak efficiency, delivering reliably and cost-effectively.

Scope of supply

Includes spare parts for the docking period based on MAN's recommended TBO. It is possible to purchase parts or services separately.

Applicable for

**ME, MC, ME-GI, ME-LGIM,
ME-GA, ME-LGIP**

MxPSS

Benefits of planning early

- Fixed prices
